

MANIFESTO OF THE INTERNATIONAL DAY OF ACTION AGAINST GENDER VIOLENCE

On November the 25th it is celebrated the Day against Gender Violence. Last year the school suggested to play a football match and we made some posters to express our support for all those who unfortunately suffer this type of violence and / or are affected thereby.

When we practice a sport we always like to play mixed (boys and girls) because it is more fun but the truth is ... when it comes to football ... things change a bit. What happens is that ... boys never pass, shoot very strong at times, the girls sometimes seem not move to find the pass, complain immediately if a strike goes a little strong ... blah ... blah ... blah ... so that we do not reach an agreement for mixed teams and we prefer to play better boys on one side and girls on the other and so nobody gets bored ...

That's why last year we decided to play a girls football match having the boys as referees ... and this year we choose another sport ... play hockey girls and boys in mixed teams, a sport in which we agree to play together ... and next years we will suggest other sports like Kimball in which levels are more similar so we have fun playing girls and boys together ... because we all participate more ...
